

Microwave defrost equipment for duck meat

What are the advantages of microwave defrosting equipment?

- 1.Microwave processing time is greatly shortened, with the characteristics of short time and fast speed.
- 2.Our microwave defrosting mechanism can sterilize and sterilize at a lower temperature, keeping the nutrition and traditional flavor of the materials.
- 3.Of course, our company guarantees that microwaves are directly applied to food, without additional thermal energy loss, thus saving energy to the greatest extent.
- 4.The surface and the interior are affected at the same time, so the sterilization is uniform and thorough.
- 5.The equipment is flexible and easy to control.
- 6.No matter it is microwave defrost equipment or other microwave dewatering equipment, the equipment is simple and does not need boiler or complicated piping system, as long as it has the basic conditions of water and electricity.
- 7.Improving working conditions and saving floor space.

We have many types of duck meat microwave defrosting equipment for sale, we can also customize the defrosting equipment for you.If you are interested in our microwave defrosting equipment or other microwave drying equipment, please leave us a message.

			
10kw Microwave defrosting equipment	20kw Microwave defrosting equipment	30kw Microwave defrosting equipment	Can be customized for higher power

Product specification:

Condition	New	Authentication	CE
Automatic level	Automatic level	Guarantee	1 year
Production capacity	500 kilogram/hour	After-sales service	Site installation, commissioning and training
Headstream	Chinese Mainland	Product name	Microwave defrost equipment for duck meat
Brand	LD	Control mode	PLC
Model	LD - 60KWV	Headstream	Jinan - shandong - China
Voltage	220V~380V	Capacity	600~750 kilogram/ h
Power (W)	60KW	Color	argentate
Size (L*W*H)	12860 * 1060 *1750 millimeter	Function	sterilize、unfreeze
Weight	2T	After-sales service	Site installation, debugging and tracking

Thermal and dielectric properties of the liquid water and ice:

Properties	Liquid water	Ice
ρ	1000 kg/m ³	1910.9 kg/m ³
λ	0.610 W/m K	1.48 W/m K
C_p	4.186 kJ/kg K	1.280 kJ/kg K
μ_r	1.0 H/m	1.0 H/m
ϵ_r	$88.15 - 0.414T + (0.131 \times 10^{-2})T^2 - (0.046 \times 10^{-4})T^3$	5.1 F/m
$\tan \delta$	$0.323 - (9.499 \times 10^{-3})T + (1.27 \times 10^{-4})T^2 - (6.13 \times 10^{-2})T^3$	0.0124

In our microwave equipment factory, we have professional production lines and workers. We welcome you to visit our factory for more information about us. If you want to buy machines, please contact us. Many types of microwave equipment are waiting for you, such as microwave sterilization equipment, microwave vulcanizer, etc.
